- Interiors Planned to the Details

NANCY ROBBINS

Drawing on a rich background of experience and imbued with creative energy, Nancy Robbins has carved a distinctive niche in the northshore design community. Her roomy, 3,000-square-foot Mandeville showroom in the Forest Park Shopping Center is home to an inviting array of antiques, furniture, hand-knotted Oriental rugs and accessories that appeal to a wide audience on both sides of the lake.

Fabulous fabrics, rich color, texture, pattern and style are hallmarks of the design space, where Nancy also features artwork by some of her favorite artists. The works of internationally known sculptor William Binnings and painter Robert Cook are prominently displayed among custom-designed furniture and magnificent 19th century

European architectural and antiques.

Whether the scope of the project is large or small, Nancy is above and beyond able to handle any facet of design work in or outside of a home. She offers architectural elements in design of new renovations, construction or existing interiors which encompasses anything in the range of ceiling to floor services, including custom lighting, drapery, bedding and upholstery. Additionally, renovating and designing your dream kitchen or bath plan is a task that is well within her means of experience. Her showroom provides a beautiful selection of bench-made furniture from Italy and France, and she also works with three local artisans who fabricate her original designs to create masterful furniture pieces and custom doors.

Quality craftsmanship is characteristic of her work, and Nancy's expertise shines through as she creates elegant, comfortable environments that reflect the lifestyles and tastes of her clients. As one who enjoys entertaining and gourmet cooking, Nancy has a special affinity for kitchen design and renovation. She is adept at introducing design elements, such as European wall sconces, which entertain the eye—even in small spaces.

A native New Orleanian, Nancy established studios in New York, New Mexico and Dallas before returning to Louisiana and settling on the northshore fifteen years ago. During seven years at her design studio on Lee Lane in Covington, she developed a loyal clientele before relocating her retail store to Mandeville in 2001.

Plan a visit to the showroom at 1291 N. Causeway Boulevard Monday through Saturday from 10 a.m. to 5:30 p.m., or schedule a design consultation by calling (985) 727-4565.
